PUBLIC WORKS DEPARTMENT.

NOTIFICATION.

Roorkee, the 4th December 1901.

A Registry Office for men of the undermentioned grades is kept up by the Principal, Thomason College, Roorkee. Officers and employers of labour requiring men are requested to apply to the Principal:—

- 1. Engineers.
- 2. Overseers.
- 3. Sub-Overseers.
- 4. Draftsmen.

- 5. Press workers.6. Photo-Mechanical workers.
- Mechanical apprentices.
- 7. Mechanical approach. 8. Metal and wood carvers.

E. ATKINSON, Captain, R.E., Officiating Principal, Thomason College.

BOARD OF EXAMINERS.

NOTICE.

Specimens of Persian Manuscripts for the use of candidates for the degree of Honour and High Proficiency examinations in Persian, published in facsimile by the Board of Examiners, Fort William, under the authority of the Government of India, Price R6. Forwarded V.P.P. on application to the Secretary, Board of Examiners, 26, Mangoe Lane.

THE HONOURABLE THE AGENT TO THE GOVERNOR GENERAL, RAJPUTANA.

NOTIFICATIONS.

Abu, the 25th August 1903.

No. 3743.—Captain S. B. Patterson, I.A., Assistant Resident, Dungarpur, is granted one month's privilege leave, with effect from the 7th September 1903, or such subsequent date as he may avail himself of the leave.

The 27th August 1903.

No. 3772-220.—Major W. C. R. Stratton, I.A., Political Agent, Eastern Rajputana States, is granted one month's privilege leave, with effect from the 15th September 1903, or such subsequent date as he may avail himself of the leave.

By order,

A. B. MINCHIN, Captain,
First Assistant to the Agent to the Governor General, Rajputana,

CALCUTTA UNIVERSITY.

NOTICE.

The Senate will proceed in the month of August 1904 to the election of a Tagore Professor of Law for the term of one year, to commence on the 1st of August 1905.

The salary of the Professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not, less than twelve lectures on one of the following subjects:—

(1) The rules of Interpretation in Hindu Law, with special reference to the Mimansa apphorisms as applied to Hindu Law.

(2) The Mahomedan Law of Inheritance according to the several schools, with a history of its origin, growth, and development.

(3) The Law of Specific Relief in British India.

Candidates for the Professorship are requested to forward their applications to the Registrar on or before the 1st May 1904, stating on which of the abovenamed three subjects they are prepared to lecture. Each candidate will forward with his application one handred copies of a brief synopsis of his proposed lectures; and, if he so pleases, the same number of copies of his Introductory Lecture.

The Professor will be expected to commence his lectures in August 1905, to complete the delivery thereof in the following January, and to hold an examination of the students who have attended his lectures. He will be further required to send to the Registrar a complete manuscript copy of his lectures before the commencement of the delivery thereof, failing which his appointment shall be liable to be cancelled by the Senate on the recommendation of the Faculty of Law.

Senate House, The 24th August 1903. K. C. BANURJI,
Registrar, Calcutta University.

ERRATUM.

In the orders by the Syndicate of the Calcutta University, published on page 1018, Part I of the Calcutta Gazette, dated the 29th July 1903, for "Manindralal Bandyopadhyay" in order No. 6 read "Manindranath Bandyopadhyay."

SENATE House, The 24th August 1903.

K. C. BANURJI, Registrar, Calcutta University.

ORDERS BY THE SYNDICATE OF THE CALCUTTA UNIVERSITY.

1. In supersession of the previous notification, the following text-book in Telugu Poetry has been prescribed for the Entrance Examination in 1904 and the two following years:-

Bhaskarasatakamu—The whole.

2. The following text-books in Gujrathi have been prescribed for the Entrance Examination in 1904 and two following years: -

Navalaram-Navala Granthavali, Volume I, pages 1-220.

Poetry.

Kabi Premananda—Nalákhyán.

3. In supersession of the Syllabus announced on pages 211-212 of the Calcutta University Calendar for 1903, the following revised syllabus in Practical Histology has been prescribed for the B.Sc. Examination, Pass and Honours, in 1905:—

Pass Course.

Essentials of Chemical Physiology, Elementary Course. Blood, Milk, Albumen, Digestive Juices, Urine (normal) and Halliburton Glycogen.

Stirling

Glycogen.
Outlines of Practical Physiology, 4th Edition.

Experimental Physiology.—The Frog's Heart,—Beating of the Heart,—Effect of Heat and Cold,—Section of the Heart, pages 360—363; Stannius's Experiment, pages 376-377;—
The Laryngoscope—Vowels, page 481; Reflex Action—Action of Poisons—Knee-jerk in Man, pages 492—496;—Eye—Formation of Image, pages 509—514—Touch, Smell, Taste, Hearing, pages 565—568 and 580-581, omitting small print. small print.

Stirling

Practical Histology, 2nd edition—Preparation of fresh tissues from a Frog, omitting 1, 3, 4, 8 (b), 10, 13, 17—23.

Honour Course.

Halliburton

Essentials of Chemical Physiology, Elementary Course.—(i)
The Proteids; (ii) Blood, Hæmoglobin; (iii) Digestion— Salivary, Gastric, Pancreatic, Glycogen in the Liver; (iv) Urine—Volumetric Analysis for Urea; Sugar in Urine,

Qualitative and Quantitative. -

Qualitative and Quantitative.

Outlines of Practical Physiology,—4th Edition.

Experimental Physiology.—(i) Nerve-muscle Preparation—Stimulation of Nerve—Mechanical, Chemical and Thermal Stimuli, pages 219—225 and 243—251, omitting small print; (ii) The Frog's Heart—Stannius's Experiment, pages 360—364 and 376-377; (iii) The Laryngoscope—Vowels, page 481; (iv) Reflex Action—Action of Poisons—Kneejerk in Man, pages 492—496; (v) The Eye—Formation of an Image, &c., pages 509—514; (vi) The Ophthalmoscope, pages 560-561; (vii) Touch, Smell, Taste, Hearing, pages 565—568 and 580-581, omitting small print.

Practical Histology, 2nd Edition—Preparation of fresh tissues from a Frog, omitting 1, 3, 4, 8 (b), 10, 13, 17, 23.

4. In the list of text-books for B.A. Honour English in 1905 (Calendar, 1903, page 195) under "Permanent subjects," for "Shaw—Outlines of English Literature" has been substituted "Smith—Students' English Literature, being a History of English Literature by Thomas B. Shaw, edited by William Smith."

5. In the list of text-books in English prescribed for the M.A. Examination in 1905 (Calendar, 1903, page 215) after "Hooker—Ecclesiastical Polity, Book I (Clarendon Press series)" the following has been added—

series)," the following has been added-

Utopia."

6. The following changes in the Regulations of the University adopted by the Senate at their meeting held on the 23rd August 1902 have been approved by His Excellency the Governor-General of India in Council:—

(i) Paragraph 2 of the Regulations for the Examination for Honours in Medicine (Calendar for 1903, page 72) has been altered as follows:—

"2. The Examination shall take place annually at such time as the Syndicate may, from time to time, appoint, and shall be conducted by means of written papers and practical tests."

The above change will come into operation at and from the Examination in 1964

- (ii) In the form of application for admission to the Entrance Examination on page 94, Calendar, 1903, after the heading "Entrance Examination," the following words have been
- "Form of application to be used only by candidates who appear as students of a High School recognised by the Calcutta University."

(iii) Paragraph 2 of the Regulations for the First Examination in Engineering (page 74,

Calendar, 1903) has been modified as follows:-

"Any undergraduate of the University may be admitted to this Examination, provided he has prosecuted a regular course of study in a School of Engineering affiliated to the University for five years after passing the Entrance Examination, or for three years after passing the F.A. Examination.

(iv) The following sentence has been omitted from paragraph 2 of the above

Regulations:

"A student who has passed the B.A. Examination in the B Course shall be admitted to the F.E. Examination after two years' study in a School of Engineering affiliated to the University.'

(v) Paragraph 2 of the Regulations for Licence in Engineering (page 79, Calendar,

1903) has been altered as follows:—
"Any undergraduate of the University may be admitted to this Examination on producing a certificate from the Head of an Institution affiliated up to the L.E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering."

(vi) Paragraph 2 of the B.E. Regulations (page 85, Calendar, 1903) has been altered

as follows :-

- "Any candidate who has passed the First Examination in Arts may be admitted to this Examination, provided he produces a certificate from the Head of an Institution affiliated up to the B.E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering."
- (vii) The following revised Syllabus in Mathematics has been substituted for the one given in paragraph 5 of the F.E. Regulations under heading "I—Mathematics" (pages 74-75, Calendar, 1903):—

I.—MATHEMATICS.

FIRST PAPER.

Computations and Mensuration.

(a) Practical applications of Arithmetic with special reference to contracted methods. The theory of logarithms; application of logarithms to arithmetical and trigonometrical calculations, including the solution of triangles and the determination of heights and

(b) Mensuration of plane and solid figures, including the application of Simpson's rules, the prismoidal formula and Guldin's theorems, and not excluding proofs of the formulæ in

N.B.—Books of logarithmic tables will be provided for the use of candidates during the examination.

SECOND PAPER.

Algebra, Trigonometry and Plane Analytical Geometry.

(a) Summation of arithmetic and geometric series, and of series in which the n-th term is an integral function of n.

Binomial, exponential and logarithmic series with easy examples.

Partial Fractions.

(b) Geometrical representation of complex quantities: addition and multiplication of complex quantities; De Moivre's theorem; derived trigonometrical formulæ, including the ordinary formulæ of Elementary Trigonometry.

The expansions and exponential values of $\cos \theta$ and $\sin \theta$; the hyperbolic functions. Summation of a series of sines and cosines of angles in arithmetical progression, and of

other simple trigonometrical series.

(c) Rectangular Cartesian co-ordinates and polar co-ordinates; the analytical geometry

of the straight line; equations representing two or more straight lines.

The special forms of the equations of the circle, parabola, ellipse and hyperbola without reference to the general equation of the second degree.

Determination of the asymptotes of a conic given by any equation of the second degree; their use in discriminating the character of the curve.

N.B.-The methods of pure Geometry and of the Differential Calculus will not be disallowed.

THIRD PAPER.

Statics and Dynamics.

(a) Uniform and uniformly accelerated motion. Compaccelerations. Relative velocities and accelerations. Projectiles. Composition of velocities and ectiles. The laws of motion with simple illustrations, such as the motion of a particle on an inclined plane, motion of two particles connected by a string, uniform circular motion of a particle.

(b) Composition of concurrent and parallel forces acting on a rigid body. Centre of parallel forces; centres of mass. Reduction of any system of coplanar forces acting on a rigid body to a single resultant force or couple; properties of resultant; conditions of equilibrium; statically equivalent system of forces; problems on equilibrium. Friction.

(c) Impulse of a force; principle of linear momentum for a single particle and for a system of particles; simple cases of impact, including the impact of two spheres whose centres move in the same plane.

Work of a force; principle of energy for a single particle and for a system of particles; application of the principle to the solution of problems.

FOURTH PAPER.

Differential and Integral Calculus.

(a) Differentiation in general, including Leibnitz's theorem, partial differentiation, and differentiation of implicit functions.

Orders of smallness; infinitesimals and differentials. Elementary proofs of Taylor's and Maclaurin's Theorems. Expansions of functions of a single variable.

Evaluation of undetermined forms. Tangents and normals of curves.

Maximum and minimum values of a function of one independent variable.

(b) Integration regarded as a process of a summation, and as the inverse of differentia-. The standard integrals. Integration by substitution and by parts.

Integration of rational functions. Simple integrals involving trigonometrical functions. Application of the Integral Calculus to the determination of lengths of curves, areas, volumes; centres of mass and moments of inertia.

N.B.—Special importance will be attached to the performance and the applications of quite simple differentiations and integrations.

(viii) The following revised Syllabuses in Chemistry and Physics have been substituted for those prescribed for the F.E. Examination on pages 75—78 of the Calendar, 1903, under heading "II.—Natural Science."

II.—NATURAL SCIENCE.

CHEMISTRY.

I.—General properties and changes of matter in simple common cases. Relation of chemical changes to physical and mechanical changes. Experimental proofs of the indestructibility of matter.

Elementary forms of matter; compounds and distinction of compounds from mixtures. Experimental deduction of the principal fundamental laws of Chemistry: equivalents.

Dalton's atomic theory.

Experimental determination of the properties of gases with regard to heat and pressure; Boyle's and Charles' laws.

Experimental determination of the volume relations of reacting gases; law of gaseous volumes.

Deduction from above laws of the probable physical composition of matter; Avogadro's hypothesis.

Distinction between the molecule and molecular weight

Density, relative density, vapour density, and specific gravity of substances.

Relation between relative density of gases and molecular weights.

Determination of relative density of gases by direct weighing and of vapour density of volatine substances by Dumas' method; deduction of molecular weights.

Relation between atoms and molecules. Distinction between atoms and atomic weights.

Deduction of the maximum value of atomic weights of elements from the molecular weights of their volatile compounds.

Relation between atomic weights and equivalents; valency.

Dulong and Petit's law of atomic heats; its use as subsidiary method of determining atomic weights.

Chemical symbols and formulæ; representation of chemical changes by equations.

Quantitative meaning of symbols; calculations.

General types of chemical action as illustrated by the experimental work previously

II.—Occurrence, preparation, and properties of the elements listed below, and of their simpler compounds:—Hydrogen, Chlorine, Bromine, Iodine, Fluorine, Potassium, Sodium, Ammonium, Copper, Silver, Gold, Calcium, Strontium, Barium, Magnesium, Zinc, Mercury, Boron, Aluminium, Carbon, Titanium, Silicon, Tin, Leat, Nitrogen, Phosphorus, Arsenic, Antimony, Bismuth, Oxygen, Chromium, Manganese, Tungsten, Sulphur, Iron, Nickel, Cobalt, Platinum—considered generally.

A more detailed study of the preparation, properties and determination of the composition of the typical compounds—Hydrogen, Chloride, Water, Ammonia, and Methane.

Salts, bases, acids, and other compounds; their nature, behaviour on solution and relationship with each other.

General methods for the preparation of Haloides, Oxides, Hydroxides, Sulphides, Sulphates, Nitrates, Phosphates, Carbonates, Carbides, Nitrites, and Hydrides.

The Peroxides and their relation to Ozone and Hydrogen Peroxide.

Double salts, crystallization, water of crystallization. Isomorphism and its use in controlling atomic weights.

Systematization of Chemical data: the Periodic law, its uses and consequences. III.—The Phenomena of combustion, explosions, reversible reaction; dissociation

Phenomena.

Thermo-chemical methods of investigation Calorimetry-Heat of combustion, heat of formation, heat of neutralisation, heat of solution.

Exothermal and endothermal reactions.

Allotropy and the Allotropic modifications of the elements, allotropy of metals. Applications of the principles of thermo-chemistry to the solution of technical problems.

The Ionic theory of solution; deduction of the laws of dilute solutions from thermo-dynamical data; derived methods of determining molecular weights; explanations of chemical reactions based on the Ionic theory, and foundations of Analytical Chemistry.

IV.—Chemical Technology. Natural waters: their composition, analysis, and determination of suitability for various purposes. Purification of waters on the large scale.

Preparation on the large scale of (Chemistry of the)

(1) Chlorine, hydrochloric acid, bleaching powder.

(2) Oxygen, red lead.

(3) Quick-lime. (4) Hydraulic lime, Portland cement, glass, soluble glass, porcelain, pottery, bricks.

(5) Plaster of Paris, alums.

(6) Sulphuric acid, sodium carbonate, caustic soda.

(7) White lead, permanent white. (8) Tin plate, galvanized iron.

(9) The setting and hardening of Mortars and Cements.

V.—PRACTICAL CHEMISTRY.

Preparation and demonstration of the properties of the common gases, such as Hydrogen, Oxygen, Nitrogen, Carbon Dioxide, Nitric Oxide, Nitrogen Monoxide, Hydrogen Sulphide, Hydrogen Chloride, Ammonia.

Preparation of the commoner acids, bases, oxides and salts, e.g., Nitric Acid, Calcium

Oxide, Calcium Hydrate, Copper Oxide, Ferrous Sulphate, Copper Sulphate, Zinc Sulphate, Sodium Chloride, Ammonium Chloride.

Determination of the relative density and molecular weight of soluble gases.

Determination of approximate equivalents of metallic radicles in the most simple cases, e.g., Copper, Lead, Iron.

Detection of the commoner substances by their physical characteristics.

Qualitative analysis (including blow-pipe analysis) of mixtures containing not more than two acid and two basic constituents (excluding phosphates insoluble in water) from the

Hydrogen, Potassium, Sodium, Ammonium, Magnesium, Calcium, Strontium, Barium, Zinc, Manganese, Iron, Aluminium, Chromium, Arsenic, Antimony, Tin, Mercury, Lead, Copper, Silver, Carbon, Sulphur, Hydrochloric Acid, Hydrofluoric Acid, Nitrous Acid, Nitric

Acid, Carbonic Acid, Silica, Silicic Acid, Sulphuric Acid, Phosphoric Acid.

Qualitative analysis of substances, such as Iron, Brass, Bronze, Solders, Iron Ores, Boiler Scale, Lime-stones, Lime, Cement, Clay, Brick, Paints and Colour washes (for

commoner inorganic constituents only).

Simple gravimetric estimations of Calcium, Zine, Iron, Copper, Silver, Hydrochloric Acid, Carbonic Acid, Sulphuric Acid, and Silica, Commercial analysis of Lime, Lime-stone, and Brass.

PHYSICS.

I.—HEAT.

Expansion of solids, liquids, and gases. Regnault's experiments on the absolute expansion of Mercury and the expansion of gases. Charles' law. Principles of Thermometers. Temperature as measured by the expansion of solids, liquids, and gases. Mercurial thermometers; air thermometers. Thermometers for various purposes. Density of solids, liquids and gases. Absolute temperature. Calorimetry. Correction for radiation. Specific heats of solids and liquids: method of mixture; Bunsen's Ice Calorimeter. Specific heat of gases—at constant pressure, Regnault; at constant volume, Röntgen. Dulong and Petit's law. Changes of state of aggregation. Regulation. Critical temperature; continuity of state. Measurement of heat of fusion and vaporization. Influence of pressure on melting and boiling points. Methods of liquifying gases. Maximum pressure of vapours, Regnault; pressure of saturated steam below and above 100°C. Vapour densities; Dumas', Hoffman's vs. Meyer's methods Hygrometry. Conduction; variable and permanent stages; simple cases of steady flow across a plate and along a bar; Wiedemann and Franz' experiments Convection. First law of thermo-dynamics. Joule's experiments. Van der Wahl's Theory. Adiabatic transformations. Second law of thermo-dynamics. Cooling of gases by expansion. Adiabatic transformations. Second law of thermo-dynamics. Cooling of gases by expansion.

II.—STATICAL ELECTRICITY.

Electrification by friction. Electroscopes. Ice-pail experiments. Induction. Electrophorus. Voss and Wimhurst's Influence machine. Electric work and energy. Indicator diagram of electric work. Exploration of electric field. Potential at any point of the field. Lines and tubes of force. Equipotential surfaces; lines of induction. Measurement of electricity. Attracted disc electrometer; quadrant electrometer. Dimensions. Electrostatic units. Capacity, Condensers; two concentric spheres; Leyden Jar. Specific inductive capacity. Absolute measurement of capacity; statical comparison of capacities; measurement of specific inductive capacity; standard air condenser.

III.—CURRENT ELECTRICITY.

Chemical and thermal methods of producing currents: Daniell, Grove, Bunsen, Leclanche, Lahande; thermo-electric battery. Electrolytic conduction. Electrolysis of fused compounds and of saline solutions. Faraday's laws. The voltameter. Metallic conduction.

Units of resistance. Resistance coils. Ohm's law. Kirchhoff's laws. bridge. Resistance of battery. Resistance of galvanometer. Electromotive force. Standard cells—Latimer Clerk. Determination of electromotive force; statical method. Poggendorff's compensation method. Relation of electricity to heat; Joule's law. Gaseous conduction. Disruptive discharge. Flow of electricity and flow of electrical energy. Phenomena attendant on the starting, stopping, and varying of a current. Oscillating discharges.

IV .- MAGNETISM.

Fundamental experiments. Magnetic field. Magnetic elements. Declination theodolite; dip circle; magnetometer. Methods of magnetization.

Relation of magnetism to electricity. Oersted's experiment. Tangent galvanometer; Thomson's reflecting galvanometer: Wiedmann's two-coiled galvanometer. Electro-dynamic experiments; the Solenoid. Electro-magnets; types. Permeability and methods of measuring it. Magnetic hysteresis. Magnetic flux, Magneto-motive force, reluctance. The law of traction. Induction of currents; Lenz's law. Self-induction. Ruhmkorff's coil. Electro-magnetic units.

V .- RADIANT ENERGY.

Laws of vibrating particle. Harmonic vibrations. Transverse and longitudinal waves. Interference of waves travelling in the same and in opposite directions. Stationary waves. Composition of undulations; eliptical, circular, and rectiliuear vibrations. Huyghen, principle. Reflection and refraction of thermal, luminous, and electric waves. Velocity of Huyghen. propagation; Foucault and Fizeau's experiments. Plane and spherical mirrors. Refraction. Prisms, minimum deviation. Determination of refractive indices of solids and liquids. Lenses; cardinal points; systems of lenses. Melloni's experiments on radiant heat. Hertz's experiments on electrical radiations. Röntgen rays. Wireless telegraphy. Dispersion. Spectroscope and spectra. Absorption of ethereal waves; diathermancy and athermancy; coloured bodies. Structure of the human eye.

VI.—APPLIED PHYSICS.

1. Heat.-Electric pyrometers. Outlines of construction of the double-acting steamengine. Otto's gas-engine, petroleum engines, and modern ice-making machinery.

2. Light.—The sextant; photometry; telescopes; modern field-glasses; microscopes.

Principles of photography.

3. Electricity and Magnetism.—Telegraphy. Batteries in common use; signals; sounder; Siemens' inkwriter; Siemens' relay. Lightning-conductors. Terminals, single and multiple points; earth connection, its importance; the conductor proper; material; form; joints; clips and brackets; ridge circuits; incidental connections; space protected; protection joints; clips and brackets; ridge circuits; incidental connections; space protected; protection of dwelling-houses, magazines, chimneys, periodical inspection and testing. The telephone and microphone; electric bells and indicators. Dynamo-electrical machinery. Efficiency, causes of loss of energy. Types of armatures. Armature coils and cores. Field-magnets, Pole-pieces, Field-magnet coils. Commutators, Collectors, Brushes, brush-holders. Curves of potentials and induction. Reaction of armature and field. Lead of brushes. Methods of exciting field-magnets. Classification of dynamos. Examples.

Transmission of electric energy. Accumulators. Transformers, Airlines, insulators, testing; modes of attaching the wire, material for wires, joints, lightning-protectors. Underground conduits. The three-wire system. Comparison with other methods of transmitting energy.

mitting energy. Motors: construction and application. Electric lighting. Incandescent lamps; are lamps. Electric welding. Electric measurements and measuring apparatus. The volt. Amperemeters and voltmeters; construction and calibration. Ampere balances. The balistic galvanometer. The Ohm; resistance coils; the shunts box; Ohmmeters. The Farad and micro-farad. The Watt.

VII.—PRACTICAL EXERCISES. Measurement of the thickness of plates by the wire-gauge, micrometer, micrometer calliper, cover-glass tester, spherometer.

Determination of the radius of curvature of lenses by the spherometer.

The cathetometer; constructional details; adjustments; measurement of differences in heights; verification of Boyle's law; coefficient of tentional elasticity.

The longitudinal dividing machine: construction; manipulation, its use as a comparator;

calibration of thermometer tubes.

The circular dividing machine: construction; manipulation

The balance: adjustment; weighing by the method of vibration; comparison and calibration of weights; specific gravity of solids; cross-section of wires.

Moments of inertia.

The barometer: readings and corrections.

The barometer: readings and corrections.

Thermometer: comparison; verification of fixed points. Coefficients of expansion.

Hygrometry: absorption hygrometer; dewpoint hygrometers; the psychrometer; comparison of results.

Calorimetry: correction for loss of heat; specific heat of solids; heat of evaporation; heat of combustion.

Melting and boiling points; distillation.

Study of magnetic fields.

Faraday's Ice-pail experiments; exercises with quadrant electrometer.

Setting up and reading of galvanometers. Ohm's law; Wheatstone's bridge. The meter bridge; insulation resistance by deflection method; resistance of wires by Kelvin's apparatus.

The potentiometer: current and voltage measurements. Kelvin's balance; current; voltage; wattage.

The balastic galvanometer; determination of constant, dip and intensity of earth's magnetic field by the earth inductor.

Electrolysis: electrolytic current measurements.

Secondary batteries: constructional details and management.

Thermo-electrical experiments. Exercises at the spectroscope. Photometric experiments. Focal distances of mirrors and lenses.

(ix) The following revised Syllabus in Mathematics has been adopted for the one given in paragraph 5 of the L E. and B.E. Regulations (pages 79-80, Calendar, 1903):-

I.—MATHEMATICS.

FIRST PAPER.

Statics and Dynamics.

Analytical conditions of equilibrium. (a) Principle of virtual work.

Solution of problems in Statics by resolving and taking moments, by the principle of virtual work and by graphic methods.

The funicular polygon. The Catenary. Equilibrium of simple Bending moments.

jointed frame-works.

(b) Units and dimensions.

Statical equivalence of the externally impressed forces with the effective forces in any system of bodies; the principles of linear and angular momentum; the principles of vis viva.

Gravitational Potential energy; potential energy of a stretched elastic string.

Motion under gravity of a particle on a smooth vertical circle and on other simple curves; simple harmonic motion; the simple and conical pendulum.

Motion of a rigid body about a fixed axis; the compound pendulum.

SECOND PAPER.

Hydrostatics.

Nature and general properties of fluid pressure.

Density and specific gravity of a homogeneous mixture.

Relations between pressure, density and force.

Thrust on a plane area. Centre of pressure.
Resultant pressure on an immersed solid on any immersed surface, particularly in the case of a homogeneous liquid at rest under gravity.

Conditions for the equilibrium and for the stability of the equilibrium of a floating

body.

Hydrostatic Instruments. Determination of specific gravity. Properties of gases.

(x) The following revised Syllabuses in Natural Science for the L.E. and B.E.

II.—NATURAL SCIENCE.

Geology.

I .- Object of Geology .- Its relations to other sciences. The doctrine of uniformity, its limits.

II.-

II.—Astronomical Geology.—Information obtained from meteorites and by the spectroe. Probable history of the earth in its earlier stages of existence.
III.—Geognosy.—The globe and its envelopes. Shape and nature of globe; density; probable internal condition; evidences of pressure and internal heat. Persistence of continent ridges and abysmal depressions.

IV.—Petrography.—Macroscopic and Microscopic character of rocks. Microscopic elements; their importance for the study of the history of rocks. Microscopic character of quartz, orthoclase, plagioclase, augite, hornblend, olivine, calcite. Essential and accessory constituents. Classification of rocks. Characters and essential constituents of the following rocks.—Lime-stone, quartzite, amphibolite, gneiss, micaceous and chloritic schists, phyllite, rocks.—Lime-stone, quartzite, amphibolite, gneiss, micaceous and chloritic schists, phyllite, granite, granophyr, quartzporphyry, syenite, trachyte, phonolite, obsidian, pumic, norite, diorite, biobase, dolerite, plagioclase-basalt, sand and gravel, sand-stones, conglemerates, breccias, shale, clay, laterite, tuffs, shellmarl, coral lime stone, chalk, peat lignite, coal, anthracite, graphite, petroleum, asphalt, clay iron-stone.

V.—Dynamical Geology.—Volcanic phenomena, description of volcanoes—kind, shape, description, relation to lines of weak resistance and instability. Theories of volcanicity. Hot springs. Earthquakes. Secular upheaval and depression. Geological functions of air. Geological functions of water and ice. Chemical and mechanical actions, denudation and deposition. Pecularities of Indian rivers: glacial erosion: formation of lakes. Geological

deposition. Pecularities of Indian rivers; glacial erosion; formation of lakes. Geological

functions of plants and animals; coral islands.

VI.—Petrogenetic Geology.—Origin of granite, diorite, and basalt. Origin of sedimentary rocks; minerogen, phytogen and zoogen sedimentary rocks; theories on the origin of coal-beds. Origin of laterite. Origin of metamorphic rocks, theories of metamorphism, local and regional metamorphism. Origin of rock-cleavage. Ore deposits. Origin and classification.

VII.—Architectonic Geology.—Forms of bedding. Surface-markings. Concretions. Relative strata. Overlap. Groups of strata. Joints. Strike and dip; outcrop; monocline; syncline; anticline. Faults, origin and kinds. Intrusive phase of eruptivity; bosses, sheets, dykes, necks; inter-bedded phase of eruptivity, lavas, tuffs. Unconformability.

VIII.—Palæontological Geology.—Object. Conditions for the entombment of organic processing or organic processing organic proc

remains. Preservation of organic remains in mineral masses; fossilizator. Uses of fossils in

Geology.

IX.—Historical Geology.—Leading principles in stratigraphy. Equivalent strata,

absence strata, and formations.

X.—Indian Geology.—With special reference to the Geology of the Bengal Presidency. Peninsular area. The metamorphic and crystalline series. The transition series. Lower and Upper Vindhyas; petrology; the Vindhyan basin. The Gondwana system; geological positions and characters, probable fluviatile origin; relations of Gondwana system; geological positions and characters, probable fluviatile origin; relations of Gondwana basins to existing valleys; lower and upper groups, Talchir-Karharbari, Barakar iron-stone shales, Raniganj, Rajmahal; the most important coal fields. The Deccan trap series, area and petrology. Laterite; distribution, age. Post tertiary and recent formations; older river gravels and clays; kankar. Indo-Gangetic plain; upland and alluvial soils, red soils, regur, peat. General outlines of the Geology of the Himalayan area.

XI.—Physiographical Geology.—Terrestrial features due to disturbance of crust, monoclival, symmetrical, unsymmetrical, reversed flexures, Alpine type of mountain structure.

Features due to volcanic action. Features due to erosion. Indian examples.

XII.—Field Geology.—Geological surveying instruments, tracing of boundaries and faults. Sections; how to find direction and amount of dip; Dalton's construction; clinometer. Levelling. Surface, profile, datum level; benchmarks; methods of geological levelling. Lithology; practical exercises in the identification of Indian rocks.

Mineralogy.

PROVINCE OF MINERALOGY, ITS RELATION TO OTHER SCIENCES.

I.—Properties of crystals independent of direction. Density and specific gravity. Methods of determining specific gravities; hydrostatic balance; pyknometer, Jolly's balance; floatation methods. Separation of rock-forming minerals by the floatation method.

II.—Physical Crystallography.—Elasticity. Relation of coefficient of elasticity to direction. Classification of crystals with reference to elasticity.

Cohesion. Cleavage, fracture, hardness: Mohs' scale.
Optical properties of minerals. Kind and degree of lustre. Double refraction and

polarization. Nicol's prism. Classification of crystals according to their optical properties.

Uni-axial and bi-axial crystals. Examination of crystals in parallel and convergent polarized light. Rotation of plane of polarization. Absorption of light; idiochromatic and allochromatic minerals; pleochroism; Haidinger's dichroscope, microscope with one nicol.

Electrical properties. Pyro-electricity. Magnetic properties. Separation of rock-

Electrical properties. Pyro-electricity. constituents by the electro-magnet.

III.—Geometrical Crystallography.—Relation of physical properties to geometrical form. Crystalline form; faces. Planes of reference, axes, parameters, indices; symbols. Law of rationality of indices. Principles of Miller's, Weiss', Naumann's notation. Fundamental form; its selection. Symmetry: planes and axes. Classes and systems. Simple forms and combinations. Closed and open forms; prismatic, tabular, and pyramidal habit. Nature of hemihedrism. The nature of tetartohedrism. Hemimorphism. Crystallographic mimicry. Isomorphism and heteromorphism. Morphotrophism and isogonism; Twinning: twinning plane; twinning axes. Contact twins and penetration twins; distinctive features of hemitropes. Crystalline aggregates, druses. Pseudomorphism. Measurement of angles; contact and reflecting goniometers; relative merits. IV .- Chemical Mineralogy .- Calculation of formula. Classification of minerals. Group

tests. V.—Descriptive Mineralogy.—A somewhat detailed description of the following

minerals :-

Elements — Diamond, gold.
Sulphides — Pyrite, marcasite, pyrhotite, galena, sphalerite, chalcopyrite. Oxides-Corundum, hematite, spinel, magnetite, quartz, cassiterite, limonite.

(a) Carbonates-Calcite, dolomite, siderite, arragonite, malachite.

(b) Sulphates—Anhydrite, barite, gypsum.
(c) Phosphates—Apatite.

(d) Silicates - Tourmaline, epidote, olivine, garnet, muscovite, biotite, talc, serpentine, pyroxene, amphibol, orthoclase, microcline, albite, aligoclase-labradorite, kaolinite.

Haloidsalts-Halite, flourite.

VI.—Practical exercises.—Determination of specific gravities. Use of the scale of ness. Exercises at the polarization microscope. Measurement of angles by the aid of hardness. contact and reflecting goniometers. Blow-pipe analysis. Identification of Indian minerals. Practical Metallurgy.-

Preparation of common alloys of known composition (and determination of the tensile strength of the alloys prepared).

Mechanical testing of mortars and cements.)

Fire testing of the qualities of clays and brick earths.

Determination of ash, coke, and sulphur in fuels.

Determination of the calorific power of fuels by the Thomson and Hempel calorimeters. Determination of furnace temperatures by some form of pyrometer.

Rough analysis of products of combustion. Furnace gases and gases from gas-engines.

VIII.—Mechanics of a Machinery.—Simple practical applications of kinematics and dynamics of machinery. Elementary forms of machines. Gearing for transmitting and modifying motion.

Steam-Engine.—Heat and work. Properties of steam.

Indicators and indicator diagrams. Valve motion. Modern types of steam-engine.

Details of construction. Governor's fly-wheels. Condensers, Boilers: their construction and working; boiler fittings. Piping Feed-pumps and injectors. Feedwater. Heaters and economisers.

Tests of engines and boilers.

Gas and oil engines. General principles of action. Conditions of economical working.

Physics.

PRACTICAL EXERCISES.

Tracing of the B. H. course by means of Du Bois' Balance and Leonard's Bismuth Spiral. Experiments with Ewing's Curve Tracer and Ewing's Hysteresismeter. Determination of the Horizontal component of Terrestrial Magnetism by means of Kelvin's apparatus. Experiments with direct current apparatus. Constructional details of a directcurrent Dynamo. Running of dynamos. Characteristics of series, shunt and compound dynamos. Armature characteristics. Magnetisation curves of dynamos. Characteristic of a Thomson-Houston arc-dynamo: efficiency of dynamos and motors with and without Dynamometers. Study of arc-lamps. Calibration of ammeters and voltmeters. Construction and testing of electricity-supply meters. Exploration of the field of a dynamo; S. P. Thomson's method; the Dynamo Indicator; Leonard's Bismuth Spiral; coefficient of magnetic leakage; power lost by Hysteresis and Foucault currents. Effects of variation of speed; variation of economic coefficient.

Experiments with alternate current apparatus. Study of alternate currents by means of the Oscillograph. Constructional details of alternate current generators. Curve of magnetisation. Exploration of the field. Coefficient of self-induction of coils; Impedance method the exploration of the field. magnetisation. Exploration of the field. Coefficient of self-induction of coils; Impedance method, three-voltmeter method; variation of inductance with current. Saturation of core. Resistance in series circuits. Measurement of power; three-voltmeter method, three amperemeter method. Effect of frequency on the angle of lag. Measurement of mutual inductance. Construction of transformers. Transformer tests. Measurement of capacity of a condenser. Comparison of capacities. Effects of capacity in alternate current circuits.

Experiments with triphase generators and motors.

The above changes in the Regulations for the Examinations in Engineering will take effect at the Examinations in 1906.

GAZETTE OF INDIA.

NOTICE.

The 17th March, 1903.

From the 4th April next till further notice, Parts I, IV, V, and VI of the Gazette of India and the Weather and Crop Report will be published at Simla. After the 28th March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August, 1901:—

"It has been brought to the notice of this Department that matter for the Gazette of India is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February, 1870, the Government of India directed that all Notifications or other matter intended for insertion in the Gazette of India should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

NOTICES.

All communications relating to Act V (the Inventions and Designs Act) of 1888 should be addressed to the "Secretary to the Government of India, Department of Revenue and Agriculture (PATENTS BRANCH), CALCUTTA."

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's office are now on sale to the public at one anna and eight annas a copy respectively.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications, and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitor's room of the Patents Office for ten days from the date of the Gazette of India in which their filing may have been notified: or, if the tenth day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

> J. MACFARLANE, Secretary under the Inventions and Designs Act, 1888.

GAZETTE OF INDIA.

NOTICE.

The 17th March, 1903.

From the 4th April next till further notice, Parts I, IV, V, and VI of the Gazette of India and the Weather and Crop Report will be published at Simla. After the 28th March all Notifications and other matter intended for publication in those Parts should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August, 1901:—

"It has been brought to the notice of this Department that matter for the Gasette of India is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February, 1870, the Government of India directed that all Notifications or other matter intended for insertion in the Gazette of India should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

NOTICES.

All communications relating to Act V (the Inventions and Designs Act) of 1888 should be addressed to the "Secretary to the Government of India, Department of Revenue and Agriculture (PATENTS BRANCH), CALCUTTA."

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sunday and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's office are now on sale to the public at one anna and eight annas a copy respectively.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications, and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitor's room of the Patents Office for ten days from the date of the Gazette of India in which their filing may have been notified: or, if the tenth day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

J. MACFARLANE,
Secretary under the Inventions and
Designs Act, 1888.

MENTAL AND MORAL SCIENCE.

The following books are recommended to be used in studying the subject of Mental and Moral Science as defined by the Syllabus prescribed:—

GENERAL. "Psychology" (Encyclopædia Britannica).
Principles of Psychology.
Outlines of Physiological Psychology. Ward ... Spencer

Sadd System of Logic. Mill Empirical Logic. Venn ... Methods of Ethics. Sidgwick ...

Types of Ethical Theory.
The Ethics of T. H. Green, Herbert Spencer and Martineau ... Sidgwick Mertineau.

Introduction to the Philosophy of Religion. Caird A Study of Religion, 2nd edition. Martineau

Gifford Lectures (Naturalism and Agnosticism) Ward 1896-1898. Prolegomena to Ethics. Green

... Politics (English Translation by Jowett or Welldon). Aristotle ... Ulberweg

History of Philosophy.
History of Philosophy, Vols. I and II.
A History of the Problems of Philosophy, translated Erdmann Janet and Seailles by Ada Monahan.

Sarva-darshana Sangraha, translated by Cowell and Gough (the Nyáya, Chárvaka, Sánkhya, and Mádhavácháryya Bauddha systems).

Vedánta Sutras with Bháshya, as in Part I of Vyása and Sankara George Thibaut's Translation—Introduction only, pages i—xxx.

Transcendental Analytic, Book II (Analytic of Principles as in Max Müller's translation of Kant's Kant Critique of Pure Reason).

The Examination in Mental and Moral Science shall be on the subject as defined by the Syllabus, and shall not necessarily be confined to the books recommended to be used in studying the subject.

"It has been brought to the notice of this Department that matter for the Gasette of India is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February, 1870, the Government of India directed that all Notifications or other matter intended for insertion in the Gazette of India should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

J. P. HEWETT. Secretary to the Government of India.

NOTICES.

All communications relating to Act V (the Inventions and Designs Act) of 1888 should be addressed to the "Secretary to the Government of India, Department of Revenue and Agriculture (PATENTS BRANCH), CALCUTTA."

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's office are now on sale to the public at one anna and eight annas a copy respectively.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications, and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitor's room of the Patents Office for ten days from the date of the Gazette of India in which their filing may have been notified: or, if the tenth day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

J. MACFARLANE, Secretary under the Inventions and Designs Act, 1888

TELEGRAPH DEPARTMENT.

NOTIFICATION.

Simla, the 15th September 1903.

No. 26.—Under the conditions of Public Works Department Resolution No. 922-T. E, dated the 6th of July 1903, the following permanent promotion in the Superior Establishment of the Telegraph Department is sanctioned, with effect from the 6th of July 1903:—

Name.	From	То
J. P. Mackenzie	Assistant Superintendent, 4th grade	Assistant Superintendent, 3rd grade.

F. G. MACLEAN, Director General of Telegraphs.

THE HONOURABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATIONS.

Mount Abu, the 17th September 1903.

No. 1124—618-III.—In exercise of the powers conferred by section 74 of the Indian Stamp Act (II of 1899), the Hon'ble the Chief Commissioner of Ajmer-Merwara is pleased, with the previous approval of the Governor General in Council, to make the following rules regulating—

(a) the supply and sale of Stamps and Stamped paper;

' (b) the persons by whom alone such sale is to be conducted; and

(c) the duties and remuneration of such persons.

2. These rules shall take effect on and from the 1st day of January 1904 in supersession of the rules published in the Hon'ble the Chief Commissioner's Notification No. 189, dated the 18th March 1882.

INTERPRETATION.

- I.—In these rules, unless a different intention appears from the subject or context,—
 - (a) The expression "ex-officio Vendor" means the Treasurer for the time being of the Treasury at the head-quarters or his agent, the Sub-Treasurer of every Sub-Treasury, and includes every person appointed to discharge the functions of a Treasurer at any local depôt established at a place where there is no Treasury.
 - (b) The expression "Licensed Vendor" means every person who for the time being holds a license granted under these rules to sell Stamps, but does not include an ex-officio vendor as such, though an ex-officio vendor may, if duly licensed, be also a licensed vendor.
 - (c) The expression "Local Depôt" includes every Treasury at head-quarters and every Sub-Treasury or any place where there is no Treasury or Sub-Treasury for the sale and custody of stamps, which the Chief Commissioner, Ajmer-Merwara, declares to be a local depôt.

LICENSES FOR VEND OF STAMPS.

II.—Subject to the provisions of these rules, the Collector, or other officer empowered by the Local Government in this behalf, may grant to any person a license for the sale of stamps of any value or description named in the license at any place, or in any area within the limits of his district:

Provided that no license shall be granted to a person employed in any department of the public service under these rules without the previous consent of the Head of such Department.

III.—The license shall be in the form annexed to these rules. It shall specify the person licensed, the kind and the value of the stamps he is licensed to sell and the place at, or area within, which he is licensed to sell.

The license so granted shall be renewed every year.

IV.—The Collector shall cause a register of licenses granted under these rules to be maintained for the district. The register shall contain the following particulars:—

- (a) Date of granting the license.
- (b) Serial number for the year of the license.
- (c) Name and description and residence of person licensed; or in the case of a license granted to a public servant, the official designation of the office in virtue of which the license may be used.
- (d) Place or area for which the license is granted.
- (e) Description of stamps (kinds and value) covered by the license.
- (f) Period for which the license is granted.
- (g) Acknowledgment of license.
- (h) Remarks relating to revocation, renewal, surrender, expiry, etc., of license.
- (i) Date of destruction of license.

V.—Ex-officio vendors shall supply stamps to the public and to licensed vendors, and shall allow discount to the latter at the rates and under the conditions hereinafter prescribed for purchases made from Government.

VI.—(i) Any license granted under these rules may be revoked at any time by the Collector of the district in which it was granted or by any Kevenue authority to whom such Collector is administratively subordinate.

(ii) When any license is revoked, or when the term for which any license is granted expires, it shall be the duty of the person to whom it was granted or his representative to surrender it to the Collector. The Collector will receive, and (by enfacement) cancel every such license. Cancelled licenses may be destroyed when no longer likely to be required for any purpose.

VII.-No ex-officio vendor shall as such sell stamps otherwise than in accordance with

the following directions :-

(a) to a licensed vendor stamps of the kinds and values specified in the licensed vendor's license, but no stamp to exceed R50;

(b) to the public impressed stamps exceeding R50 each in value.

VIII.—(a) Licensed vendors shall obtain stamps from ex-officio! vendors at local and branch depôts on payment of ready money (less the commission hereinafter prescribed).

(b) A licensed vendor shall obtain stamps only at depôts situate in the district for which his license is granted.

SALE OF STAMPS BY VENDORS.

Duties of Vendors.

IX.—No person other than a vender as defined in these rules shall sell stamps, other than one-anna adhesive stamps, unless specially authorised thereto by notification of the Local Government.

X.—Every vendor shall sell stamps in accordance with these rules for the value expressed upon them, and for no more.

XI.—Every vendor shall accept payment for any stamp sold by him in any currency which would be accepted on behalf of Government at a district treasury.

XII.—No vendor shall sell stamps of any kind, the use of which has been discontinued or prohibited by competent authority, but any stamp of any kind the use of which may have been so discontinued may be dealt with according to the proviso to section 54, Chapter V of Act II of 1899.

XIII.—Every licensed vendor may, subject to the conditions of his license and the requirements of these rules, purchase from an ex-officio vendor and sell to any person stamps of any kind or value covered by his license.

XIV.—Subject to the provisions of Chapter V of the Stamp Act, 1899, no licensed vendor shall obtain (by purchase, exchange or otherwise) any stamps from any person other than an ex-officio vendor.

XV.— If the duty on any document has to be denoted in the form of impressed sheets, it shall be so denoted by the smallest number of impressed sheets available by which the duty required can be made up.

XVI.-If the amount of the stamp duty to be denoted is such that it can be denoted by

single impressed sheet and such impressed sheet is available, it shall be supplied.

XVII.—Whenever under these rules and directions more than a single impressed sheet is supplied to denote the value of the stamp duty required, the vendor shall write upon each impressed sheet supplied a certificate stating that he is unable to supply a single impressed sheet of the required value and that the number of impressed sheets supplied is the smallest he can furnish to make up that value.

XVIII.—A copy of every certificate engorsed under the preceding rule shall be entered in the vendor's vend register, and shall be dated and signed by the vendor making it:

Provided that no such certificate shall be given by a licensed vendor in any case in which the stamp required exceeds in value the value of the sheet of highest value which such vendor is authorised to sell.

XIX.—Every vendor shall truly and correctly endorse in the English or Urdu or Hindi character on every impressed sheet sold by him to the public the following particulars:—

- (a) the serial number for the year of the entry of sale of such impressed sheet in the vend register;
- (b) the date of the sale of the stamp;
- (c) the name, (if a native) father's name and residence of the purchaser; if the purchaser is purchasing on behalf of another person, then also the name, (if a native) father's name and residence of the person for whom the impressed sheet is purchased; and
- (d) the value of the impressed sheet sold (to be entered in words), and shall sign the endorsement.

XX.—No vendor shall knowingly endorse on any impressed sheet sold the name of any person other than the actual purchaser, or the person on whose behalf the stamp is being purchased; or deliver any stamp sold to any person other than the person whose name is so endorsed thereon.

XXI.—Every vendor shall truly and correctly enter in his vend register the particulars of every impressed sheet sold by him to the public at the time when the sale takes place.

He shall also invite the purchaser to attest the entry by his signature or thumb impression, or both, and in the event of the purchaser refusing so to attest the entry of sale, the vendor shall record the fact of such refusal, and if the purchaser wishes, the reasons for the refusal.

XXII.—Every licensed vendor shall exhibit conspicuously at his place of vend a sign-board, bearing his name and the words "Licensed vendor of non-judicial stamps." He shall also have at the same place, for reference on application by intending purchasers, a copy of these rules and, if the Collector by general or special order so directs, a copy of the Indian Stamp Act.

XXIII.-When stamps are returned into the Collector's store on-

- (1) resignation of license,
- (2) revocation of license for any fault of the licensee,
- (3) death of the vendor,
- (4) application of the vendor for leave to restore any stamps,

the stamps shall be taken back at their full value less a deduction of one anna in the rupee; but when they are returned on—

- (5) expiration of license,
- (6) recall of stamps by Government,
- (7) revocation of license for any other cause than that mentioned in (2)

they shall be taken back at the full value less only any discount allowed on their sale to the licensed vendor.

XXIV.—Every licensed vendor shall keep such stock of one-anna adhesive stamps as the Collector may consider sufficient to meet the demand likely to be made upon the licensed vendor for their supply.

REMUNERATION OF VENDORS.

XXV.—(i) No ex-officio vendor shall, as such, be entitled to any discount or commission on the value of any stamps supplied to him for custody and sale upon the sale thereof.

(ii) Licensed vendors shall be entitled to discount on the value of stamps purchased by them from an ex-officio vendor at the rates specified in the following schedule: Provided that discount shall not be allowed on the value of any stamp of a kind not specified in the said schedule, nor on the value of any single stamp of denomination higher than R50, nor when the total value of the stamps purchased at one time is less than R5.

- (h) signature or thumb impression of purchaser, if the purchaser consent to sign the entry, or make the impression, and if he does not consent, the reasons for his not consenting, in case the purchaser states his reasons.
- (iii) Blank Vend Registers in the prescribed form shall be supplied through the Collec tor's Office free of charge to vendors on application.
- (iv) Before issuing any blank Vend Register to a vendor, the Collector shall enter or cause to be entered at the beginning thereof the following particulars:—
 - (a) the full name and residence of the vendor to whom the register is being issued;

(b) the date on which the register is issued;

- (c) the number of pages the register contains. The Collector shall also cause the pages to be numbered consecutively in ink.
- (v) When any register becomes filled up, the vendor shall deliver the same to the Collector or other officer deputed to receive the same,

INSPECTION AND CONTROL.

XXVII.-Every licensed vendor shall upon the demand of the Collector, whenever required so to do, deliver up all stamps in his custody or possession as such vendor, and if such stamps have been paid for by such vendor, the value thereof less any discount which may have been allowed at the time of the purchase thereof to such vendor shall be refunded to him.

XXVII-A. The Commissioner, Ajmer-Merwara, and every Revenue Officer not below the rank of a Collector and every Revenue Officer below the rank of Collector who is specially authorised in that behalf by the said Commissioner, Revenue Officer or Collector, may at any time inspect the stock of stamps, the registers and accounts of any vendor.

Upon being so required by any such officers, every vendor shall produce for the purposes of inspection all stamps in his custody or possession and all registers and accounts kept by him as such vendor.

XXVIII.—Upon being so required by the Collector every vendor shall produce for the ourposes of inspection all stamps in his custody or possession and all registers and accounts kept by him as such vendor.

- 2. Stamps for the Bengal Presidency, including the North-Western Provinces and Oudh, the Punjab, Central India, Rajputana, Assam and Burma, and local depôts, subordinate to Calcutta, and stamps for copies for use in the Central Provinces, shall be supplied from the central depôt, Calcutta, on the indent of officers in charge of local depôts.
- 3. Stamps for the Madras Presidency, including Coorg, and local depôts subordinate to Madras, shall be supplied from the central depôt at Madras, on the indent of the officers in charge of local depôts.
- 4. Stamps for the Bombay Presidency, including Sind, Berar, the Central Provinces (save as provided in rule 2), and local depôts subordinate to Bombay, shall be supplied from the central depôt, Bombay, on the indent of officers in charge of local depôts.
- 5. The Superintendents of Stamps, Calcutta, Madras and Bombay, on receiving an indent from a local depôt, shall have the indent examined to ascertain that the indent is such as to insure the local depôt having a proper supply, and may comply with the indent in full or in part as he thinks fit. If he thinks that the indent should be increased, he should request the officer who submitted the indent to submit a supplementary indent. The Presidency Post Offices of Calcutta, Madras and Bombay may indent for supplies on other the central depôts.

LOCAL DEPôTS.

- 6. Every Treasury throughout India, including those attached to political and salt agencies, shall be a local depôt for the custody and sale of stamps of all descriptions. Local Governments may establish local depôts at places where there is no Treasury.
- 7. Each local depôt shall, unless the Local Government otherwise directs, maintain a supply of stamps equal to the probable consumption of five months. Local Governments may direct that the supply to be maintained either generally or in respect of any particular kind of the constant of kind of stamp or in certain local depôts shall be equal to the probable consumption of such other period as they deem expedient.
- 8. As soon as the number of stamps in the local depôt falls below the number issued from the depôt in the preceding six months, the officer in charge of the depôt shall prepare an indent for a supply equal to the probable consumption of three months. The indent shall show in separate columns for each denomination of stamp of which a supply is required the total of the belong in the local depôt and any branch, depôts subordinate to it the the total of the balance in the local depôt and any branch* depôts subordinate to it, the

quantity sold in the preceding six months, and the quantity indented for, which should be quantity sold in the preceding six months, and the quantity months. The periods of approximately one-half of the quantity sold in the preceding six months. The periods of approximately one-half of the quantity sold in the preceding six months. The periods of this rule may, like that of five months in Rule 7, be "six months" and "three months" of this rule may, like that of five months in Rule 7, be the periods as they may deem expedient. This altered by I ocal Governments to such other periods as they may deem expedient. This indent, will be forwarded direct to the Superintendent of Stamps, Madras, Bombay or Calcutta, as the case may be; but the Local Government of any Province may direct that the indents shall be forwarded through any other officer, such as the Superintendent of Stamps of the Province, or that a copy of the indent shall be forwarded to such officer.

- 9. If the supply of stamps in any local depôt should run short before the receipt of the supply from the central depôt, the officer in charge of the local depôt should indent for a supply from a neighbouring depôt, sending a copy of the indent to the Superintendent a supply from a neighbouring depot, sending a copy of the indent to the Superintendent or Commissioner of Stamps of the Province, or such other officer as the Local Government may direct. It is the duty of the Superintendent of Stamps, Madras, Bombay or Calcutta, to report to the Local Government (or such authority as the Local Government may direct), in the case of General and Court-fee stamps, to the Director-General of the Post Office in the case of Postage stamps, and to the Director-General of Telegraphs, in the case of Telegraph stamps, any case in which it may come to his knowledge that the stock of stamps in any local depot of any description has fallen below the prescribed amount. stamps in any local depôt of any description has fallen below the prescribed amount.
- 10. As soon as possible after the arrival of a supply of stamps from the central depôt or from another local depôt, the officer in charge of the local depôt shall personally examine the outward appearance of the boxes or packets and satisfy himself that they bear no marks of having been tampered with. He shall then have the boxes or packets opened in his presence, and the contents of each box or packet counted either by himself, or in his presence, immediately on its being opened. At the head-quarters of a district, where the Treasury is the local depôt, the boxes or packets should invariably be placed immediately on arrival in the strong room of the Treasury and there opened, one at a time, in the presence of the Treasury Officer, who must be present all the time the boxes or packets are being opened, and their contents examined and counted. In no case must a second box or packet be opened until the contents of the first have been completely examined and verified and placed in the proper receptacles as required by Rule 13. The number and value of stamps received shall be compared by the officer in charge with the invoice submitted or with the passed indent and a receipt shall be sent as soon as possible to the officer who sent the stamps.
- 11. Local Governments may issue such orders as may be thought necessary regarding the detailed counting of stamps received in a local depôt, and as to the descriptions of stamps which the officer in charge must count with his own hands. Such orders may include instructions that a certain percentage only of sealed packets marked as containing a certain number of stamps need be opened and counted at the time of receipt, and the remainder, if the percentage opened are all found correct, left with seals unbroken to be counted as they are required on being given out from double lock. The officer in charge is responsible for observing any such instructions, and for satisfying himself as to the number of stamps received before signing the receipt. The inside wrappers of packets of stamps which bear the initials of the officers through whose hands the packets passed before issue from England should invariably be preserved till the whole contents of the packets have been examined and found correct.
- 12. If any of the stamps received are found to be unfit for issue, they should be at once returned to the Superintendent of Stamps. Stamps which are through any accident rendered unfit for issue at any time after receipt should be similarly returned to the Super-intendent as soon as their unfitness is discovered. The necessary entries on account of stamps so returned should be made in the monthly statement (Rule 34), and in the plus and minus memoranda (Rule 36).
- 13. Immediately after the stamps received have been counted, they shall be placed in proper receptacles in store under double lock in the presence of the officer in charge, arranged in parcels and packets containing known quantities, the amount and value of each denomination being entered at the same time in a register* maintained to show the receipts aud issues to and from the store under double lock. These entries shall be checked by the officer in charge at the time the stamps are deposited, and the correctness of the arithmetical calculations of additions to balance, as well as of the values compared with quantities,† shall be verified and initialled by him at the time. The register shall then be placed with the stamps in the double lock receptacles and shall not be removed therefrom, nor shall any entries be allowed to be made therein except in the presence of the officer in
- 14. The Treasurer, or such other officer as the Local Government may direct, shall be the ex-officio vendor of all descriptions of stamps in each local depôt. Sales to the public

 $[\]uparrow$ N.B.—In all cases where stamp registers have to be checked, the actual check of quantities against values is a very important one; the correctness of the calculations of value must be tested in detail either by actual multiplication or by use of correctly prepared tables, and this check should never be omitted. This remark applies also to such of the following rules as prescribe a check of this kind. It is not necessary that the complete checking should be done by the officer himself. It will be sufficient if the officer personally check to per cent, of the entries in each class of stamps, leaving the remaining entries in each class to be checked by a subordinate under his supervision:

or to licensed vendors shall not be made direct from the stores under double lock, such sales being made by the ex-officio vendor from the supply entrusted to him for this purpose to be kept by him under single lock as prescribed in the following rules.

- 15. The stock to be made over to the ex-officio vendor to be kept by him under single lock should ordinarily be sufficient for the probable demand of one month. The ex-officio vendor will maintain a register of receipt, and issues from single lock in the same form as the double lock register, and on a fixed date near the beginning of each month he will prepare an indent for the quantity required for the month in a form showing the balances in his hands, an average month's consumption and the quantity required. When this indent is presented to the officer in charge, he will examine the single lock register, check the correctness of the arithmetical calculations made therein and compare the balance, shown with the actual balance in the ex-officio vendor's hands. If he approves the indent, he shall then give out the quantity required from the store under double lock, check the correctness of the entries made in the double lock register, see that they correspond with those made in the single lock register, initial both registers and return the double lock register into the double lock store. The same procedure shall be followed if any stamp should be required at any intermediate date. Local Governments may reduce the period of one month mentioned in this rule to one week, or any other period less than a month, if they consider this desirable, with reference to the amount of the Treasurer's security or for any other reason.
- 16. From the stock so made over to his charge and kept by him under single lock, the ex-officio vendor shall sell stamps to the public and to licensed vendors for cash. He shall maintain the single lock register in the form mentioned in the preceding paragraph in such language as the Local Government may direct, entering therein both in quantities and values the receipts from double lock, the daily sales and balance in his hands of each denomination at the end of each day. He shall pay daily into the Treasury the cash received by him for stamps sold, the amount realised on account of each of the four descriptions of stamps—namely, General, Court-fees, Postage, and Telegraph—being paid in separately. The account of the daily sales should be inspected and the correctness of the calculations shown therein checked every day by the officer in charge of the depôt.
- 17. The rules regulating the grant of discount and the grant of licenses to licensed vendors for the sale of General and Court-fee stamps vary in different Provinces, and are prescribed by Local Governments, subject to the general rule that no change in the rates of discount shall be made without the previous sanction of the Governor General in Council.
- 18. Local Governments may direct that the sales to the public of General and Court-fee stamps by ex-officio vendors shall be limited to stamps of a value higher than a named amount, the sale to the public of stamps of lower value being left to licensed vendors.
- 19. Telegraph stamps shall be sold to the public for cash by the ex-officio vendors, provided that the quantity of stamps sold to one person at one time shall not be less in value than R5, and that the quantity sold shall not include less than one rupee worth of any particular denomination. On such sales no discount is allowed.
- 20. Telegraph Masters shall obtain supplies of Telegraph stamps from the local depôts, subject to the same conditions in regard to the quantity supplied at one time as those of the preceding rule, and shall sell to the public Telegraph stamps of all descriptions and to any value. No discount is allowed to Telegraph Masters for the sale of stamps; but they are allowed permanent advances of Telegraph stamps without payment, the amount of the permanent advance being fixed by the Director-General of Telegraphs. When the permanent advance of Telegraph stamps has once been taken, subsequent issues to Telegraph Masters are made only on cash payment. But when the local depôt is closed for holidays of more than one day's duration, officers in charge of local depôts are authorised to issue Telegraph stamps to Telegraph Masters without payment in excess of the value of the permanent advance, these temporary advances being adjusted when the Treasury reopens by the return of the stamps, or the payment of their value if sold.
- 21. Service postage stamps shall be sold for cash from local depôts to Government officials and to persons specially authorised to purchase and use Service stamps on a written application. On such sales no discount is allowed.
- 22. Ordinary postage stamps shall be sold to the public for cash from local depôts, provided that the value sold to any person at one time shall not be less than R5 and shall not include any fraction of a rupee, and that embossed envelopes and post-cards shall be sold in complete packets only. No discount is allowed on such sales. Soldiers' envelopes are sold from certain selected local depôts only to Commanding Officers in complete packets, no discount being allowed.
- 23. The officer in charge of every post office, receiving office, tahsil, thána, and police station at which letters are received for despatch, and every person licensed under the rules framed under the Stamp Act, 1899, to sell General stamps, are required to keep a supply of ordinary postage stamps, for sale to the public, sufficient for the probable demands of one week. To such persons ordinary postage stamps, except soldiers' envelopes, are sold from local depôts for cash on the same conditions as to quantity as those prescribed in the preceding rule; and on such sales discount at the rate of quarter of an anna in the rupee is allowed.

Note.—In the case of all stamped envelopes or postal wrappers the discount or commission is calculable on the face value of the stamp.

A special extra commission of quarter anna in the rupee has been sanctioned, with effect from 11th November 1892, on all sales of the large size registration envelopes.

- 24. The officers in charge of post offices, receiving offices, tahsils, thánas and police stations at which letters are received for despatch, are also required to keep a supply of one anna revenue stamps for sale to the public. To such officers one anna revenue stamps are sold from local depôts on the same conditions as to quantity as those prescribed in rule 22. On such sales discount at the rate of one anna in the rupee is allowed.
- 25. A District Officer may authorise the grant of discount at the rate of quarter of an anna in the rupee to any bond fide retail vendor of ordinary postage stamps, provided he is not employed in a Government Treasury. Such authority shall be in writing, and shall remain in force for one year. It may contain conditions in all or any of the following respects, namely, the maintenance of a sufficient supply of stamps of all or any specified denominations of postage stamps for retail sale; the sale of the stamps at one or more particular shops or places, and the prohibition of sales at other shops or places; and the days and hours of sale. The District Officer shall keep a register showing the name, residence and occupation of every person to whom he grants such authority.
- 26. Superintendents and Inspectors of Post Offices within their respective jurisdictions and any other officers of the Post Office authorised in that behalf by the Postmaster-General or Deputy Postmaster-General, are empowered to examine the stock of postage stamps kept by any of the persons required or authorised to keep postage stamps for sale to the public under rules 23 and 25.

BRANCH DEPOT.

27. Every subordinate branch or tahsil treasury shall be a branch depôt for the sale of stamps of all descriptions. But in any case where the sale of stamps from such a branch depôt is insignificant and equal facilities exist for the supply of stamps from a depôt, in the same station as the branch depôt, the Local Government may direct the closing of the branch depôt.

28. The Sub-Treasurer or such other officer as the Local Government may direct, shall

be the ex-officio vendor of stamps at a branch depôt.

29. The officer in charge of the branch depôt shall obtain his supplies from the local depôt to which the branch depôt is subordinate, in the same manner as the ex-officio vendor at the local depôt obtains his supplies, except that the indent and the stamps must be sent by post or messenger to and from the local depot, and that the examination of the balance in hand and the comparison of the amounts shown with those shown in the indent shall be done by the officer in charge of the branch depôt. In cases where there is likely to be a distinct saving of cost or greater security of the stamps in transit, the Local Government may empower the Board of Revenue or other superior revenue authority to sanction the despatch of stamps direct from the central depôt to branch depôts, such supplies being passed through the accounts of the local depôt and treated by the Superintendent of Stamps as supplies to the local depôts to which the branch depôts are subordinate.

The receipt and examination of stamps on arrival from a local, central or other depôt

should be conducted in the manner laid down in rule 10.

The ex-officio vendor shall obtain his supplies from the officer in charge of the branch depôt in the same manner as the ex-officio vendor at the local depôt obtains his supplies from the officer in charge.

- 30. The supply to be kept in a branch depôt should be equal to the probable demand for three months; but Local Governments may direct that the supply shall be equal to the demand of any other period instead of three months which they may consider expedient. The stock should be kept up to this amount by indenting and obtaining supplies from the local depôt from time to time as may be necessary.
- 31. Local Governments shall fix the period a supply sufficient for which shall be kept under single lock by the ex-officio vendor, and the remainder of the stamps in the branch depôt shall be kept under double lock of the officer in charge of the branch depôt and of the ex-officio vendor, and given out to single lock as required.

32. Sales from branch depôts will be made, subject to the same rules as those from the local depôts.

RETURNS TO AND BY THE SUPERINTENDENTS OF STAMPS AND ACCOUNTANTS-GENERAL.

33. On the last open day of September and March each year, the officer in charge of The North-Western Provinces and Oudh, Punjab, the Central Frovinces, and Berar. (In the case of revenue adhesive stamps supplied to Berar from the central depôt at Madras., the monthly statements will continue to be submitted to the Superintendent of Stamps, Madras.) each local depôt will count, or have counted in his presence, the stamps in his depôt, both those under double lock and those under single lock, and will require the officers in charge of the branch depôts subordinate to him similarly to count the stamps in the branch depôt. He will attach to Bombay or in the Provinces noted in the margin, to the Local Superintendent or Commis-

sioner of Stamps or other officer named by the Local Government, a certificate in the following form:

I do hereby certify that I have personally examined and counted or had counted in my

presence, the stamps of all descriptions in store in this local depôt on the September 19, and found by actual calculation of numbers and values, not less than to per cent; of the Rentries having been checked by me personally, that the value of each description is as stated in the margin.* Also, Court-fees Telegraph Postage that I have received similar certificates from the officers the death that Postage in charge of the subordinate branch depôts that they have similarly counted the stamps in their branch depôts on the last day of the month of September 19, of which the accounts are incorporated in the head Treasury accounts, and

34. Monthly statements showing the receipts and issues of each local depôt, including the transactions of the subordinate branch depôts, shall be prepared by the officer in charge of the local depôt, and forwarded in the first week of the succeeding month to the Superintendent of Stamps, Calcutta, Madras or Bombay, or the local Superintendent or Commissioner of Stamps or other officer specified in Rule 33, separate statements being prepared for General stamps, Court-fee stamps, Telegraph stamps and Postage stamps.

These statements shall show for each denomination of stamp the values of the balance in hand at the beginning of each month, of the quantities received from the Superintendent of Stamps or other officer during the month, of the quantities sold during the month, and of the balance in hand at the end of the month. The statements may be forwarded direct to the Superintendent of Stamps, Calcutta, Madras or Bombay, or the local Superintendent or Commissioner of Stamps, or through any officer named by the Local Government.

- 35. The statements shall be checked by the Superintendent of Sutamps, Calcutta, Madras or Bombay, or by the local Superintendent or Commissioner of Stamps, or other officer specified in Rule 33, by comparison with previous statements and the accounts of the central depôts, and shall be used by him to check indents and to watch the balances in the local depôts. If the monthly statements of transactions show that the balance of any kind of stamp in any local depôt is falling too low, the attention of the officer in charge should be called to the fact. To enable him to check the returns, each local Superintendent or Commissioner of Stamps or other officer specified in Rule 33 will be supplied by the Superintendent of Stamps Calcutts or Bombay, with monthly statements showing the stamps issued ent of Stamps, Calcutta or Bombay, with monthly statements showing the stamps issued to and returned by the local depôts subordinate to each.
- 36. Treasury officers and other officers in charge of local depôts shall forward to the Local Accountant-General or Comptroller such returns of the receipts and sales of stamps as the Comptroller-General may direct, in the form of plus and minus memoranda or otherwise.
- 37. Each Superintendent or Commissioner of Stamps or other officer specified in Rule 33 shall send to the Accountant-General or Comptroller such accounts of the transactions of the controller such accounts of the transactions of the controller such accounts of the controller such accou tions of the central and local del ôts as the Comptroller-General may prescribe.
- 38. They shall also every six months intimate to the Accountant-General or Comptroller for comparison with the amounts shown in the returns received from Treasuries, and other local depôts under Rule 36, the receipt of the certificate prescribed in Rule 33, and the amount of stock certified to be in balance in each local depôt.
- 39. The Comptroller-General shall prescribe such rules as he considers necessary for the disposal of the accounts mentioned in the foregoing rules, and for the check of the receipts, issues and sales.
- 40. The Local Governments, in Bengal, Madras and Bombay, shall arrange for a periodical verification by counting of the stock of stamps in the respective central depôts. The verification shall be carried out in the manner and form prescribed by the Comptroller-General to whom the result will be reported.
- 41. The Superintendents of Stamps, Calcutta, Madras and Pombay, shall forward every month to the Director-General of the Post Office a statement showing the balances and receipts in the central depôt and the issues to each local depôt of Postage stamps during

the month. Each Superintendent or Commissioner of Stamps or other officer specified in Rule 33 shall also send monthly to the Comptroller of the Post Office a statement of the sales during the past month of the several denominations of Postage stamps in the local and branch depots subordinate to him. Each Accountant-General or Comptroller will, with his monthly account current with the Examiner of Telegraph Accounts, forward a state-ment showing the total realizations at each Treasury from the sales of Telegraph stamps during the month.

No. 1126-618-III. - Supplementary rules issued by the Honourable the Chief Commissioner of Ajmer-Merwara under his Notification No. 1125 dated the 17th September,

SUPPLEMENTARY TO RULE 11.

In Ajmer-Merwara the officer in charge shall personally count with his own hands all stamps not received in sealed packets of the value of R25 and upwards. Stamps below the value of R25 which are not received in sealed packets with unbroken seals may be counted either by officer in charge or in his presence. In the case of stamps received in sealed packets marked as containing a certain number of stamps, on packet in ten of each denomination, shall be opened and counted at the time of receipt by the officer in charge or in his immediate presence. If all those counted be found correct, the remainder may be left, with seals unbroken to be counted when given out from custody, under double lock.

SUPPLEMENTARY TO RULE 13.

In Ajmer-Merwara the registers of receipts and issues of stamps from the store under double locks shall be in such form as may from time to time be prescribed by or with the sanction of the Chief Commissioner.

They shall be kept in bound books as follows:-

(1) Court-fee No. 1, one anna to R25.

(1) Court-ree No. 1, one anna to \$25.
(2) ,, No. 2, from \$100_to \$1,000.
(3) Non-judicial.
(4) Postage stamp.
(5) Service stamp.
(6) Postal service.
(7) Telegraph stamp.

(8) Receipt stamp.
(9) Foreign bill stamp.
(10) Hundi stamp.
(11) Share transfer stamp.

(12) Plain paper. (13) General book.

The entries in these books should be made either by the officer in charge of the local or branch depôt himself or at local depôts by the Stamp Mohurir at the time of putting in or taking out stamps, but in the latter event the entries must be personally checked off by the officer in charge as the stamps are put in or taken out. Every entry of receipt should correspond with the invoice, and should show from whence the stamps were received, and every entry of issue should be vouched for by a passed Treasurer's or Tahvildar's indent. A balance should be struck after each entry at the time of receipt or issue, and attested by the signature or initials of the officer in charge and of the Treasurer or Tahvildar, as the case may be, both of whom shall invariably be present during the whole time that the store under double locks or any part of it remains open.

SUPPLEMENTARY TO RULE 15.

In Ajmer-Merwara the period of one month fixed by this rule is reduced to one week.

SUPPLEMENTARY TO RULE 16.

In Ajmer-Merwara the register of receipts and issues of stamps under single lock shall be kept in Urdu or in Hindi, if the ex-officio vendor is not sufficiently acquainted with Urdu. The book shall be balanced daily, and the balance shall be attested by the initials of the officer in charge of the local or branch depôt and the Treasurer or Tahvildar, as the case may be. Before signing this register the officer in charge shall see that all issues from the store under double locks have been brought to credit, and that the values of stamps written off as sold have been credited in the treasury cash accounts. At the close of the last working day of each month an abstract showing briefly the transactions of the month and containing (1) opening balance, (2) receipts during month, (3) sales during month, and (4) closing balance, should be entered in the register after the last entry. The officer in charge shall verify the entries, and certify that he has personally examined and counted the stamps of all descriptions in store, and that the transactions during the month have been correctly recorded. The officer in charge of branch depôts shall thereafter send without unnecessary delay a transcript of the transactions during the month authenticated by his signature for incorporation in the district returns incorporation in the district returns.

SUPPLEMENTARY TO RULE 31.

In Ajmer-Merwara the period referred to in this rule is fixed at two weeks.

No. 1127 -- 618-III.—In exercise of the powers conferred by section 27, and subsection (i) of Section 34 of the Court Fees Act (VII of 1870), the Honourable the Chief Commissioner of Ajmer-Merwara is pleased to make the following rules regulating—

(a) the supply of stamps to be used under the Act;

(b) the number of stamps to be used for denoting any fee chargeable under the Act;

(c) the renewal of damaged or spoiled stamps;

(d) the keeping accounts of all stamps used under the Act;

(e) the sale of such stamps;

(f) the persons by whom alone such sale is to be conducted; and

(g) the duties and remuneration of such persons.

2. These rules shall take effect on and from the first day of January 1904, in supersession of all former rules made in exercise of the said powers.

INTERPRETATION.

1. In these rules, unless a different intention appears from the subject or context:

(a) the "stamp" means a stamp intended to be used under the Court-Fees Act, 1870, and includes the plural and both adhesive stamps and stamps impressed on sheets of paper; but does not include any stamp intended to be used under the Indian Stamp Act, 1899;

(b) the word "Collector" means the Collector and Assistant Commissioner of Ajmer or Merwara, and includes any other officer whom the Local Government may

appoint in this behalf by name or by office;

- (c) the expression " Ex-officio Vendor" means the Treasurer for the time being of every Treasury at the head-quarters of a district, or his agent and the subordinate Treasurer of every subordinate Treasury at the head-quarters of a subdivision or tahsil of any district, and also includes every person appointed to have the custody of stamps at any local depôt established at a place where there is no Treasure. is no Treasury;
- (d) the expression "Licensed Vendor" means and includes every person who, for the time being, holds a license granted under these rules, to sell stamps, but does not include an ex-officio vendor, as such, though an ex-officio vendor may, if duly licensed, be also a licensed vendor;

(e) the word " Vendor" includes both an ex-officio and a licensed vendor;

- (1) the word "renewal" means the exchange, in the manner provided in these rules, of a damaged or spoiled stamp for a fresh stamp of equal value and a similar
- (g) the expression " damaged or spoiled stamps" means and includes the following :-
 - (i) where a stamp or (in the case of an impressed stamp) the paper on which it is impressed has been so damaged, spoiled or obliterated as to render it permanently unfit for use, whether the said paper has been written upon or not: Provided that such stamp or paper has not in fact been used for the purpose for which it was intended, and has not been cancelled under the provisions of Section 30 of the Court-Fees Act, 1870;
 - (ii) subject to the same proviso, when a stamped paper has become unserviceable owing to some material error or irregularity in the writing or form of the document inscribed on the paper;
 - (iii) when a stamp not yet used is found not to be required owing to the purpose for which it was procured having been effected by some other document:
 - (iv) when the use of any particular kind of stamp has been prohibited or odered to be discontinued by competent authority;
 - (v) owing to death, or from some other cause, a transaction intended to be effected is not completed, and the writing becomes of no avail;
- (vi) in consequence of any error or informality in the drawing up or in the signing of any writing on which the proper Court-fee Stamp has been duly affixed, and cancelled by any duly authorised Court or Officer, the writing is returned or rejected by the said Court or Officer to which it was sent or addressed, and the stamp has thereby become unfit for use.

SUPPLY OF STAMPS.

II .- The supply of stamps to local and branch depôts shall be regulated by the rules made by the Governor-General in Council published in resolution No. 1439-S. R., dated the 27th March 1895, as amended by Government of India Resolution No. 2655-S. R., dated 13th June 1890, republished by the Hon'ble the Chief Commissioner, Ajmer-Merwara, in Notification No. 1350, dated 13th October 1902, or for the time being in force in that behalf, subject to the directions given in the rules next following.

NUMBER OF STAMPS WHICH MAY BE USED FOR DENOTING ANY FEE.

-As provided in Government of India Notification No. 361, dated 18th April 1883 amended by Government of India Notification No. 1494-S. R., of 29th March 1895-

(i) When in any case the Court-fee chargeable is less than R10, such fee shall be

denoted by adhesive stamps only.

- (ii) When in any case the Court-fee chargeable amounts to or exceeds R10, such fee shall be denoted by impressed stamps, adhesive stamps being only employed to make up fractions of less than R10.
- (iii) If in any case the amount of the Court-fee chargeable involves a fraction of an anna, such fraction shall be remitted.
- IV .- (i) The amount of the Court-fee to be denoted on any document shall be so denoted by the smallest number of stamps available for the purpose.

(ii) If the amount of the Court-fee to be denoted is such that it can be denoted by a

single stamp and such stamp is available, it shall be so denoted.

(iii) When an impressed stamp is required to be, or can be, used to denote the whole or any part of the amount of the Court-fee to be denoted, it shall be used to denote the whole or such part of the said fee.

- (iv) If the amount of the Court-fee to be denoted is such that it cannot be denoted by a single stamp, or if a single stamp of the required value is not available, a stamp of the next lower value available shall be used and the deficiency made up by the use of one or more additional stamps (the number thereof being the smallest possible with reference to the stamps which are available) of the next lower value or values so as to make up the exact amount of the Court-fee to be denoted.
- (v) So far as the purchaser of Court-fee stamps is concerned, the certificate of an authorised vendor, written on any impressed stamp, of the number of stamps and the value of each stamp sold to him to make up the amount of Court-fee to be denoted in the particular case, shall be deemed to be conclusive proof that the requirements of these rules have been duly complied with.

RENEWAL OF DAMAGED OR SPOILED STAMPS.

V.—(i) Any impressed stamp, and any adhesive stamp used in combination with or affixed to an impressed stamp, which may become damaged or spoiled, may be renewed as hereinafter provided.

(ii) Any person desiring to renew a damaged or spoiled stamp may, within six months or with the sanction of the Commissioner within one year, after such stamp has become

damaged or spoiled, apply to the Collector to renew the same.

(iii) Subject to the provisions of clause (i) of this rule, the Collector shall, on being satisfied that the applicant is entitled to have such stamp renewed and that the application may properly be granted, grant the application and proceed to cancel such damaged or spoiled stamp and renew the same.

(iv) All damaged and spoiled stamps cancelled under the preceding clause shall be forthwith forwarded by the Collector to the Superintendent of Stamps, Calcutta, for de-

struction.

KEEPING ACCOUNTS.

VI.—(i) The accounts to be kept shall be those required by rules 12, 13 and 16 of the rules made by the Governor-General in Council and published in Resolution No. 1439-S. R., dated the 27th March 1895, as amended by Resolution No. 2655-S. R., dated the 13th June 1899, republished by the Hon'ble the Chief Commissioner, Ajmer-Merwara, in Notification No. 1350, dated the 13th October 1902.

(ii) Such further accounts shall be kept by ex-officio and licensed vendors as the Commissioner, Ajmer-Merwara, may, from time to time, prescribe in that behalf.

LICENSES FOR VEND OF STAMPS.

VII.—(i) Subject to the provisions of these rules, the Collector or other officer empowered by the Local Government in this behalf, may grant a license for the sale of stamps to any person, at any place, or within any area, of any value or description. Such person, place or area, value or description, shall be specified in the license.

(ii) No person whose duty it is to cancel stamps, in accordance with the provisions of Section 30 of the Court Fees Act, 1870, shall be licensed to sell stamps under these rules; and the license of any licensed vendor who accepts any appointment involving the duty of cancelling stamps, shall be deemed to have been revoked from the time of such acceptance of any such appointment and shall be feetly stated and the College of the court feetly stated and the contract of the court feetly stated and the contract of the court feetly stated and the court feetly st of any such appointment, and shall be forthwith surrendered to the Collector.

(iii) The Collector may in his discretion grant a license to sell stamps to any ex-officio vendor, and upon such license being granted, such ex-officio vendor shall be also a licensed vendor within the meaning of these rules, and shall be subject to all the provisions thereof as regards the sale of stamps and his duties and remuneration as such licensed vendor.

(iv) In granting a license to an ex-officio vendor who is the Treasurer of a Treasury at the head-quarters of a district, the Collector may, in his discretion, by provis on made in his license, authorise such ex-officio and licensed vendor to grant sub-licenses, for short periods and upon his own responsibility, to any person for the purpose of such person accompanying any civil officer on tour and selling stamps, while on such tour, to persons requiring them. Every person sub-licensed under this clause shall, for the purpose of these collections had deemed to be a licensed spendor so long as his sub-licensed require in forthe. rules, be deemed to be a licensed vendor so long as his sub-license remains in force. Should the license of any such ex-officio vendor expire or be at any time revoked, every sub-license granted by him shall forthwith cease and determine.

VIII.—(i) The Collector shall cause a register of licenses granted under these rules to be maintained for the district. The register shall contain the following particulars as to

each license granted:-

(a) Date of granting the license.

(b) Serial number for the year of the license.

(c) The name, father's name, caste, and residence of the person licensed.

(d) The place or area for which the license is granted.

- (e) the kinds and values of stamps covered by the license.
- (f) The period for which the license is to continue in operation.

(g) The acknowledgment of the licensee.

(h) Remarks relating to revocation, renewal, surrender or expiry, etc., of the license.

(i) The date of destruction of the license.

- (ii) Every vendor whose license empowers him to grant sub-licenses shall maintain a similar register of sub-licenses granted by him.
- IX.—Every license and sub-license granted under these rules shall contain the particulars and conditions and be in the form specified in the form attached to these rules or in such other form as the Commissioner may, from time to time, as occasion may require, prescribe in lieu thereof.
- X. (i) Any license or sub-license granted under these rules may at any time be revoked by the Collector of the district in which it was granted, or by any Revenue authority to whom such Collector is administratively subordinate.
- (ii) When any license or sub-license is revoked, or when the term for which any license or sub-license is granted expires, it shall be the duty of the person to whom it was license or sub-license is granted expires, it shall be the duty of the person to whom it was granted or his agent or representative forthwith to surrender it to the Collector. The Collector will receive and (by enfacement) cancel every such license or sub-license. Cancelled licenses and sub-licenses may be destroyed when no longer likely to be required for any purpose.

SALE OF STAMPS AND DUTIES OF VENDORS.

XI.—Ex-officio vendors shall supply stamps to the public and to licensed vendors.

XII. - No person other than a vendor as defined in these rules shall sell stamps.

XIII. -(i) Every vendor shall forthwith sell to any person requiring and tendering payment for the same any stamp in his possession, as such vendor, which he is authorised to sellto the public.

- (ii) Every vendor shall sell stamps for the value impressed upon them and for no more.
- (iii) Every vendor shall accept payment for any stamp sold by him in any currency which would be accepted on behalf of Government at a District Treasury.
- (iv) No vendor shall sell stamps of any kind the use of which has been discontinued or prohibited by competent authority.
- XIV .- (1) No ex-officio vendor shall, as such, sell stamps otherwise than in accordance with the following directions:-
 - (a) to a licensed vendor stamps of the kinds and values specified in his license; no stamps to exceed R50 in value.

(b) to any person, impressed stamps exceeding R50 each in value:

Provided that no ex-officio vendor shall, as such, sell any stamp except upon immediate payment for the same.

- (ii) Every licensed vendor may, subject to the conditions of his license and the requirements of these rules, purchase from an ex-officio vendor, and sell to any person, any stamp of a kind or value permitted by his license; but no licensed vendor shall purchase any stamp from any person who is not an ex-officio vendor or of a kind or value not permitted by his license, or sell any stamps of a kind or value not permitted by his license, to any person.
- (iii) Subject to the provisions of the rules made under section 27 (c) of the Court-fees Act (as to renewal) and the orders of the Governor General in Council published in Resolution No. 132 of the 11th January 1888 (refunds), no licensed vendor shall obtain (by purchase, exchange or otherwise) from any person other than an ex-officio vendor any stamp.

(iv) No person may purchase any stamp from, or exchange any stamp with, any person not authorised under these rules to sell stamps

XV.—(i) Every vendor shall comply with the requirements of the rules made under section 27, clause (b), of the Court-fees Act, and the directions under section 26 of the same Act which may from time to time be notified.

(ii) Whenever, under these rules and directions, more than a single stamp is sold to denote the amount of Court-fee chargeable in any particular case and one or more state.

denote the amount of Court-fee chargeable in any particular case, and one or more of the stamps sold is an impressed stamp, the vendor shall endorse upon each impressed stamp supplied, a certificate stating that he is unable to supply a single stamp of the required value and that the number of stamps supplied is the smallest that he can furnish to make up that value:

Provided that no such certificate shall be necessary if the value of the fee to be denoted is such that it is not represented by any stamps provided by Government, and the impressed stamp supplied is of the highest value so provided which can be used (in combination with adhesive labels) to make up the amount of duty required.

Provided that no such certificate shall be given by a light of the combination with a combination with a combination of the combination with a combination of the combination with a combination with a combination of the combination with a combination wit

Provided that no such certificate shall be given by a licensed vendor in any case in which the stamp required exceeds in value the value of the sheet of highest value which such vendor is authorised to sell.

(iii) A copy of every certificate endorsed under the preceding cause shall be entered in the vendor's Vend Register.

(iv) Every certificate endorsed under the second clause of this rule shall be dated and

- signed by the vendor making it.

 XVI.—(i) Every vendor shall truly and correctly endorse in English or Urdu or Hindi character on every impressed stamp sold by him to the public the following particulars:-
 - (a) the serial number for the year of the entry of sale of such stamp in the Vend Register

(b) the date of the sale of the stamp;

(c) the name, (if a native) father's name and residence of the purchaser; if the purchaser is purchasing on behalf of another person, then also the name, (if a native) father's name and residence of the person for whom the stamp is purchased; and

(d) the value of the stamp sold (to be entered in words);

- (e) the alleged object for which the stamp was purchased; and shall sign the endorsement:
- (ii) Every vendor shall truly and correctly enface in English or Urdu or Hindi character on every adhesive stamp sold by him to the public the following particulars:-

(a) the name and residence of the purchaser;

(b) the date of the sale of the stamp; and shall sign the enfacement.
XVII.—Every vendor shall truly and correctly enter in his Vend Register the particulars of every impressed stamp sold by him to the public at the time when the sale takes place. He shall also invite the purchaser to attest the entry by his signature or thumb impression or both, and in the event of the purchaser refusing so to attest the entry of sale, the vendor shall record the fact of such refusal and, if the purchaser wishes, the reasons for the refusal.

XVIII .- No vendor shall knowingly endorse or enface on any stamp sold the name of any person other than the actual purchaser, or the person on whose behalf the stamp is being purchased; or deliver any stamp sold to any person other than the person whose name is so endorsed or enfaced thereon.

XIX.—Every licensed vendor shall exhibit conspicuously at his place of vend a sign-board bearing his name and the words "Licensed vendor of Court-fee Stamps." He shall also have at the same place, for reference on application by intending purchasers, a copy of these rules.

REMUNERATION OF VENDORS.

XX.—(i) No ex-officio vendor shall, as such, be entitled to any discount or commission on the value of any stamps supplied to him for custody and sale upon the sale thereof.

(ii) Every licensed vendor shall be entitled to discount at the rate noted in the follow-

ing schedule on the value of every stamp not exceeding \$\mathbb{R}\$50 in value each, purchased by him from an ex-officio vendor. Provided that he shall not be entitled to any such discount when the total value of stamps purchased at any one time is less than R5:-

VEND REGISTERS.

- XXI.—(i) Every licensed vendor shall maintain the Yend Register hereinafter prescribed, and such other registers, and shall keep such accounts, in such form as may from time to time be prescribed by the Commissioner, Ajmer-Merwara.
- (ii) Every licensed vendor shall, in respect of Court-fee stamps of the value of ten rupees or more, maintain a Vend Register in the form annexed to these rules and shall regularly and correctly enter therein the following particulars:—
 - (a) the date of sale of stamp;
 - (b) the serial number of the entry of every such sale, a new series of numbers being commenced on the first day of each succeeding calendar year;
 - (c) the value (in words) of each stamp sold and the total value of stamps sold in each transaction.
 - (d) the description of stamp sold;
 - (e) the full name (if a native, father's name) surname (if any), and residence of the purchaser;
 - (f) the purpose for which the purchaser states that the stamp is purchased;
 - (g) copy of certificate (if any) required by rule XV (ii);
- (h) signature or thumb impression of purchaser if the purchaser consent to sign the entry or make the impression, and if he does not consent, the reasons for his not consenting in case the purchaser state his reasons.
- (iii) Blank Vend Registers in the prescribed form will be supplied free of charge to vendors on application to the Collector.
- (iv) Before issuing any blank Vend Register to a vendor, the Collector shall enter or cause to be entered at the beginning thereof the following particulars:—
 - (a) the full name and residence of the vendor;
 - (b) the date on which the register is issued to the vendor;
- (c) the number of pages the register contains; and shall cause the pages to be numbered consecutively in ink.
- (v) When any register becomes filled up, the vendor shall deliver the same to the Collector, who shall cause it to be deposited in his office.

INSPECTION AND CONTROL.

XXII.—Every vendor shall, upon the demand of the Collector, whenever required so to do, deliver up all stamps in his custody or possession as such vendor; and if such stamps have been paid for by such vendor, the value thereof less any discount which may have been allowed at the time of the purchase thereof to such vendor shall be refunded to him.

- XXIII.—(i) The Commissioner, Ajmer-Merwara, and every Revenue Officer not below the rank of Collector, and every Revenue Officer below the rank of Collector who is specially authorised in that behalf by the said Commissioner, Revenue Officer or Collector may at any time inspect the stock of stamps, the registers and accounts of any vendor.
- (ii) Upon being so required by any such officer, every vendor shall produce for the purposes of inspection all stamps in his custody or possession and all registers and accounts kept by him as such vendor.

FORMS.

XXIV.—In the Treasury a register of all Court-fee stamps received into and issued from the Treasury shall be maintained in Form A, and monthly statements of receipts and charges in Forms B and C prepared for the Comptroller of India Treasuries, Calcutta, and Quarterly Statements, furnished to the Assistant Commissioner for submission to the Commissioner, of the sales effected during the quarter, at the local and branch depôts and at out-stations, if any, showing also the amounts supplied on indent and balances in hand in the Forms D, E, F.

Form of License.

(REFERRED TO IN RULE IX OF COURT-FEE RULES.)

License is hereby granted to (name, father's name and residence of licensee) to sell at (place of vend) stamps of the description mentioned in the margin for a period of (here state duration of license) commencing from (date) subject to the rules made on that behalf under sections 27 and 34 of the Court-fees Act, VII of 1870. The infringement of any of these rules shall render the holder liable to cancellation of his license and the penalties prescribed in clause (3) of section 34 of the said Act, namely, imprisonment for a term which may extend to six months, or fine not exceeding five hundred rupees, or both.

This license may be revoked at any time by the Collector of the district in which it is granted, or by any Revenue Officer to whom such Collector is administratively subordinate. On this license being revoked or when the term for which it is granted expires, the person hereby licensed shall surrender the license at once to the Collector.

No. 1128-618-III.—The following rules are issued under section 30 of the Court-Fees Act, VII of 1870, to regulate the cancellation of Court-fee stamps in the Courts in Ajmer-Merwara:—

Cancellation when to be effected.

I. Cancellation of Court-fee stamps shall be effected,—

(a) when a document bearing a Court-fee stamp is received by a Court competent to receive the same;

(b) when a Court-fee stamp is paid in as a process fee;

(c) when a Court-fee stamp is affixed to a document issued by any Court or office;
(d) when the record of a case in which Court-fee stamps have been filed is finally made over to the Record-keeper for safe custody.

II. In the case of stamps falling under clauses (a) and (b), cancellation shall be effected immediately on receipt of the document or stamp, by such officer as the Court may, from time to time, appoint in writing in the manner prescribed by section 30 of the Court Fees Act. As an additional precaution, the signature of the cancelling officer, with the date, shall be written across each label at the time of cancellation, in durable ink.

Mode of effecting cancellation. India have directed, in Financial Department Resolution No. 3373, dated the 24th September, 1875, that the Court or office issuing copies, certificates, or other similar documents liable to stamp-duty under the Court Fees Act, shall, before issue, cancel the labels affixed to them by punching out a portion of the label in such a manner as to remove neither the figure-head nor that part of the label on which its value is expressed, and that, as an additional precaution, the signature of the officer attesting the document, with the date, shall be written across the label, and upon the paper on either side of it.

IV. The rules for the cancellation of Court-fee stamps by the Record-keeper are contained in a resolution of the Government of India in the Financial Department, No. 1763, dated the 24th July, 1873, in which it is ordered that the Record-keeper of every Court shall, when a case is decided and the record consigned to his custody, punch a second whole, or, in the case of stamps falling under clause (c), rule I of these rules, a third whole, in each label, distinct from the first. and note the date of doing so at the same time. Special attention is requested to the words in italics, as the direction therein contained is not always complied with. The Record-keeper's punching should not remove so much of the label as to render it impossible or difficult to ascertain its value or nature.

V. Whenever the custody of a record containing Court-fee stamps is transferred from Examination of file. Deficiencies one official to another before final disposal, the receiving officer shall examine the Court-fee stamps in the file, and either certify on the index of pagers that they are complete, or immediately bring to notice any deficiency, as the case may require.

VI. Record-keepers will be held personally responsible that the stamps appertaining Record-keeper responsible for to the files under their charge are complete, and that they all stamps on files. have been duly cancelled in accordance with the above instructions. Should a file be sent into the record-room in which the stamps are incomplete or not duly cancelled, the Record-keeper shall report the circumstance at once to the head of the office, and shall defer entering the case in its appropriate register until orders have been passed in the matter.

VII. When a record containing Court-fee stamps is taken out of the record-room for Examination of Court-fees by any purpose, each official through whose hands the file passes officials through whose hands files pass. must note on the index of papers, or on the list of files where such a list is with the file, that he has examined the Court-fee stamps in the file, and that they are complete, or, if they are not complete, at once report the fact for orders.

The sum of R50 for the above invention.

NOTICES.

All communications relating to Act V (the Inventions and Designs Act) of 1888 should be addressed to the "Secretary to the Government of India, Department of Revenue and Agriculture (PATENTS BRANCH), CALCUTTA."

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's office are now on sale to the public at one anna and eight annas a copy respectively.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications, and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitor's room of the Patents Office for ten days from the date of the Gazette of India in which their filing may have been notified: or, if the tenth day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

> C. R. WILSON, Secretary under the Inventions and Designs Act, 1888.

GAZETTE OF INDIA.

NOTICE.

The 26th October 1903.

From the 21st November next till further notice, the complete Gazette of India will be published at Calcutta. After the 14th November all Notifications and other matter intended for publication in the Gazette should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August, 1901:—

"It has been brought to the notice of this Department that matter for the Gazette of India is sometimes sent to the Press late on Friday evenings for publication in the next day's Gazette, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February, 1870, the Government of India directed that all Notifications or other matter intended for insertion in the Gazette of India should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's Gazette. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next Gazette."

NOTICES.

All communications relating to Act V (the Inventions and Designs Act) of 1888 should be addressed to the "Secretary to the Government of India, Department of Revenue and Agriculture (PATENTS BRANCH), CALCUTTA."

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's office are now on sale to the public at one anna and eight annas a copy respectively.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications, and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitor's room of the Patents Office for ten days from the date of the Gazette of India in which their filing may have been notified: or, if the tenth day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

C. R. WILSON, Secretary under the Inventions and Designs Act, 1888.
